RE: I-35 WIDENING FROM E. 1ST STREET INTERCHANGE TO NE 36TH STREET
INTERCHANGE PROJECT
PROGRESS REPORT NO. 9
S&A PROJECT NO. 109.0051.01A-09

Dear Mr. Moritz:

This is the ninth progress report for the above referenced project and covers work through April 15, 2010. Work through this period includes modifying the alignments, profiles, and cross sections for the I-35 widening per DOT comments, preparing the TS&L for the I-35 bridges over Four Mile Creek, establishing ditch grades, calculating storm water flows, and establishing construction need limits. We have received comments from the Iowa DOT on the Methods Plans and are currently in the process of addressing and/or incorporate these comments in the Field Exam plan set.

We look forward to continuing working for the City and you on this important project. Should you have any questions on this update, please feel free to contact me. We will be in attendance at the May 3, 2010, council meeting to answer any questions regarding this invoice.

Sincerely,

SNYDER & ASSOCIATES, INC.

Mark A. Land, P.E.
Project Director
